PREVIEWS FROM THE EDITOR

HAPPY HALLOWEEN 2022!

I gotta keep things short this month, as my space on the page got eaten up by a lovely publisher ad (thanks for advertising in **PREVIEWS**!), and I can run on sometimes when I get going.

Let me, first and foremost, wish you all a Happy Halloween this year! And here's to many well-dressed and eager Trick or Treaters coming to your doorstep this year (if you're playing along). The last few years have been tough on Halloween, but I think this year is gonna be the breakthrough year. And I still have all the packs of mini-comics, full-sized comics, and toys to give out! I can't wait!

Inside **PREVIEWS** this month, we have another stellar selection of comics, graphic novels, mags, books, toys, games and apparel items... all set to ship around December, so you can treat this catalog as an unofficial gift guide. Officially, we'll have a digital *Holiday Gift Guide* ready for everyone to download and use in November and December, and it'll be filled with tons of items that are available right now (or soon!) to order.

Elsewhere in this issue, our theme this month is *Walt Disney World's 50th Anniversary*... and we have, as always, a bunch of Disney related items for you to check out (they'll also make great gifts!). The official celebration in Orlando runs until the end of March 2023, so you still have time to make plans to visit the park. It's been a long time for me. Maybe its time I went back...

Anyway, that's all for this month! I'll see you in November for the next big issue!

Your Pal @ **PREVIEWS**,

Marty

Marcus Langston, the Sentinel

Marcus Langston, aka Sentinel was born into a poor family with a thief for a father who stole Storybook Smith's book. When Marcus opened the magical tome, he found the story of his life and its tragic conclusion of being killed while robbing a liquor store. Rather than accept his fate, Marcus rewrote his story to give himself a better life.

Marcus created a powered suit of armor and became the leader of the government's superhero team, Youngblood. Things were going well until his teammate Riptide – Storybook Smith's daughter – found the magic book and took it. He tried to steal it back, but she caught him, and the ensuing fight ended with Sentinel killing Riptide. His next move was to frame Knightsabre for the murder, but the truth came out during the trial. Sentinel set out to write a story of an explosion from which he'd be the lone survivor, but he was stopped before the massacre could occur. Later, when Marcus returned, he had become the leader of the villains, Badblood.

Please tell us a bit about yourself!

Well, from a young age, I was exposed to all sorts of media: Comics, video games, movies, animation, literature; all great platforms for storytelling in their own way. I've always devoured everything I could get my hands on, but comics have been my passion. So seven years ago, it was decided that I wanted to pursue my dreams. Before I knew it, I was meeting more artists, more designers, and eventually, we grew into a publisher called Mad Cave Studios, of which I am now the CEO/CCO. I also write a few of

our titles. My central focus is to provide a compelling experience through action-driven storytelling and immense world-building. My goal is to give readers more than just a comic.

What are your favorite projects you've contributed to over the past decade?

I've been fortunate enough to be writing comics for about seven years. Some of my works include *Battlecats*, *Honor and Curse*, *Knights of the Golden Sun*, and *Wolvenheart*. All of them were published by Mad Cave. Honestly, though, I think the one I'm most proud of is a 20-page short story for *Grimm Tales from the Cave*, a horror anthology published by Mad Cave last year. It was a story based on the "Pied Piper" folktale. It was an honor to have my name attached to a book that also featured stories by Cullen Bunn, Stephanie Phillips, Che Grayson, Nadia Shammas, Christopher Sebela, Anthony Cleveland, Malissa White, Dalton Deschain, Chuck Harp, Mario Candelaria!

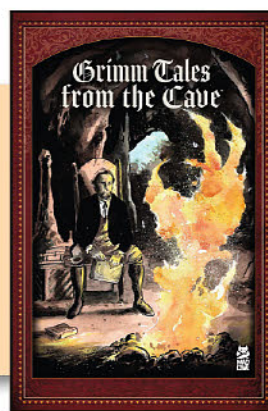

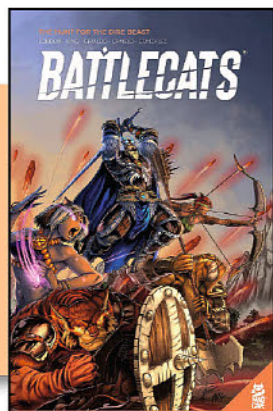

What are you currently working on?

A new series, called *Hunt. Kill. Repeat.* It will hopefully be ready by the end of the year and published early in 2023. I've been working very hard on this one with Publisher and Editor Chis Fernandez. Francesco Archidiacono is handling the pencils and Marc Deering is on inking duties, they are really putting together some incredible pages. It's great, and everyone involved is determined to make something wonderful. I can't say too much more right now, but I'll leave you with this: "*Kill Bill meets Clash of the Titans.*"

What fun titles are you reading?

So many books that I devour every month, but if I had to narrow my list down, I'd say: *What's the Furthest Place from Here?* (Vol. 1 / MAR220125) by Matthew Rosenberg; Image Comics' *The Silver Coin* (Vol. 1 / JUL210117), which each month has a new story by a top writer, and *Primordial* (HC / FEB220096) by Jeff Lemire and Andrea Sorrentino — all published by Image Comics. Then there's Aftershock Comics' *Scout's Honor* (TP / JUL211246) by David Pepose, and *I Breathed a Body* (TP / JUL211247) by Zac Thompson. I enjoyed David's and Zac's work so much actually, that we brought them on to the Mad Cave team and both are currently working on books releasing this year as well as early 2023!

USER'S GUIDE

There's a lot of awesome comics and products to look through in **PREVIEWS**. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use **PREVIEWS** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS PREVIEWS?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log!*) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—**PREVIEWS** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.

The most important aspect of **PREVIEWS** to remember is that items solicited in the catalog are anticipated to ship 2-3 months later (or more). For example, if you found a comic you wanted in the May issue of **PREVIEWS**, you can expect to see

it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

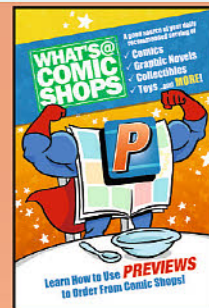

HOW DO I ORDER FROM PREVIEWS?

When you've picked out all of the items you want, you can fill out the items you want, you can fill out the **Short Order Form** included in your copy of **PREVIEWS** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your

comics and products a breeze and can help your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

MEET IMAGE'S RADIANT PINK, ASPIRING SOCIAL MEDIA INFLUENCER

Eva needed engagement on her socials. Fortunately for Eva, the appearance of the teleporting super-hero Radiant Pink in her streams got her the notice and the engagement she craved. Unfortunately, Eva also happens to be Radiant Pink and there's a bunch of mercenaries who want her Radiant powers for themselves. It's tough being a teen super-hero these days.

The next book in Image Comics Massive-Verse super-hero universe, *Radiant Pink* comes your way this December. Writers Meghan Camarena and Melissa Flores and artist Emma Kubert introduce the newest Radiant hero, a teenager trying to balance super powers and social media influence.

BRYAN TALBOT'S AWARD-WINNING LUTHER ARKWRIGHT RETURNS IN DARK HORSE'S NEW GRAPHIC NOVEL

Often considered the first British graphic novel, Bryan Talbot's *The Adventures of Luther Arkwright* introduced readers to a character whose adventures spanned time, space, and the multiverse. Talbot, whose works have been praised by Alan Moore, Michael Moorcock, and Neil Gaiman, returns to the tale of his psychic multiversal hero in Dark Horse Comics' *The Legend of Luther Arkwright*. Fifty years have passed. Older, more experienced, perhaps wiser, Arkwright is all the stands between the multiverse and its destruction as he is attacked and pursued through multiple parallel worlds, some utopian, some dystopian, by an adversary far more powerful than Arkwright himself. His only hope—the multiverse's only hope—is Arkwright's experience and will, and if Arkwright fails, the multiverse falls! The long-awaited third chapter—and a true labor of love—comes to comic shops in February.

THE GARGOYLES TAKE FLIGHT AGAIN IN DYNAMITE'S NEW ONGOING SERIES

The 90s saw a revolution in animated television as series like *Batman: The Animated Series* and *X-Men* offered audiences higher production values and more mature storytelling than the past. A key series in this revolution was Greg Weisman's *Gargoyles*, the story of a clan of gargoyles transported from a Scottish gargoyles and freed from a thousand year sleep in the concrete canyons of New York. Now calling themselves the Manhattan Clan, they protect the city from the evil that would destroy it while the wonders of the modern age threaten to destroy them.

Weisman returns to *Gargoyles* in a new series from Dynamite Entertainment joined by artist George Kamabadais. Their battles to save New York in the past, the Manhattan Clan has begun to fracture, but the discovery of a rare gargoyle egg—as well as the many forces seeking to claim it—may be the catalyst the Gargoyles need to reforge their bonds of kinship and brotherhood. With covers from Amanda Conner, Lucio Parrillo, Leirix, David Nakayama, and Jae Lee, Dynamite's *Gargoyles* #1 is the official continuation of the beloved 90s animated series!

AFTERSHOCK UNLEASHES A NEW MANIAC ON NEW YORK CITY

After stopping the infamous serial killer known as the Maniac of New York, the city heaves a sigh of relief and Detective Zelda Pettibone's cases seem mundane by comparison to the chase for the Maniac. A new killer terrorizing Central Park emerges soon enough in Elliott Kalan and Andrea Mutti's *Maniac of New York: Don't Call It a Comeback* #1, the next chapter in Aftershock's horror-satire series!

But her happiness comes at a cost—her perfect world will destroy ours. We pay the prices so Anabeth can be happy. Frank Miller's *Pandora*, written by Anthony Maranville and Chris Silvestri, illustrated by Emma Kubert, reinvents the Greek legend of Pandora as an epic young adult fantasy.

TWO ASSASSINS ARE TRAPPED IN A VICIOUS CIRCLE ACROSS TIME IN BOOM!'S NEW SERIES

Shawn Thacker kills people for a living. Normally, this would not be a cosmic-level problem. For Shawn, it is. Every time he takes a life, he is kicked to another time and place, sometimes future, sometimes past, sometimes far future, sometimes distant past. But Shawn is linked to another assassin with the same ability to shift through time, and each of his kills drag Shawn through time. The only way for this madness across time to end is for one to kill the other. Who will emerge victorious? *The Batman* screenwriter Mattson Tomlin is joined by *Batman: Damned*'s Lee Bermejo for BOOM! Studios' *A Vicious Circle*, a three-part action epic through time that will push Bermejo's art to its limit!

This December 2022, Titan's best-selling *Blade Runner* ongoing returns. Written by Mike Johnson, illustrated by Andres Guinaldo and colored by Marco Lesko, *Blade Runner 2039* features Niander Wallace's 'First Angel', Luv, from the iconic *Blade Runner 2049* feature film. Luv appears alongside renegade *Blade Runner* Aahna 'Ash' Ashina and the determined Cleo Selwyn, in a thrilling original story.

We caught up with writer **Mike Johnson** to talk all things *Blade Runner 2039*.

© Copyright 2022, Alcon Entertainment LLC

MIKE JOHNSON, *BLADE RUNNER 2039*

You began your *Blade Runner* series with *Blade Runner 2019* #1 back in 2019. When that first issue was published, did you envision that your take on the franchise would be such a great success?

I couldn't have imagined the response would be what it has become. For the first series, we were just hoping readers would feel like the comics belonged in the world of *Blade Runner*, which is so unique tonally and visually. We were taking a risk by introducing Ash as a new *Blade Runner*, but it's been very gratifying to see fans embrace her and want to follow her story.

With the inclusion of Luv (*Blade Runner: 2049*), this is the first time in the *Blade Runner* comics where a major character from the films has been adapted into the story. What was it like adapting Luv into your series and merging the arcs of the comics and films together?

Yes, Luv is the first screen character to play an active role in the comics. Eldon Tyrell has loomed large over the story, but mostly as a background character. In the 2039 series, Luv is almost a co-protagonist alongside Ash. It's a tricky but enjoyable challenge to capture the character of Luv that we met in 2049, but to show her earlier in her life.

A major theme of the *Blade Runner* franchise is the question of where our humanity lies. One of the threats of Replicants is the symbolic challenge they pose to what should be considered as 'human'. When you first conceived of Ash, did you have all this in mind, or did it fold out as you wrote the series?

When we first conceived of Ash, Michael Green wanted her to have a physical complication, in this case her spinal brace. Over time, the idea of humans enhancing themselves (in Ash's case to overcome pain) was too interesting to ignore, and has become an integral part of Ash's identity and story, not to mention setting up interesting parallels with Replicants themselves. The 2039 series brings these issues of biology, technology and identity to the forefront in a way we haven't seen before.

Your *Blade Runner* series has done much of the world building for the 'universe' of *Blade Runner* overall. What are the advantages of world building through comics, and how do you think, as a medium, it differs from world building in film?

Thanks to our brilliant artist Andres Guinaldo, our marvelous colorist Marco Lesko, and the

wonderful Jim Campbell on lettering, there is no limit to what we can show, and what the stories we can tell, in the comics. There is no budget holding us back when it comes to visuals and scope. Also, we can take our time building out the world and characters without worrying about a runtime.

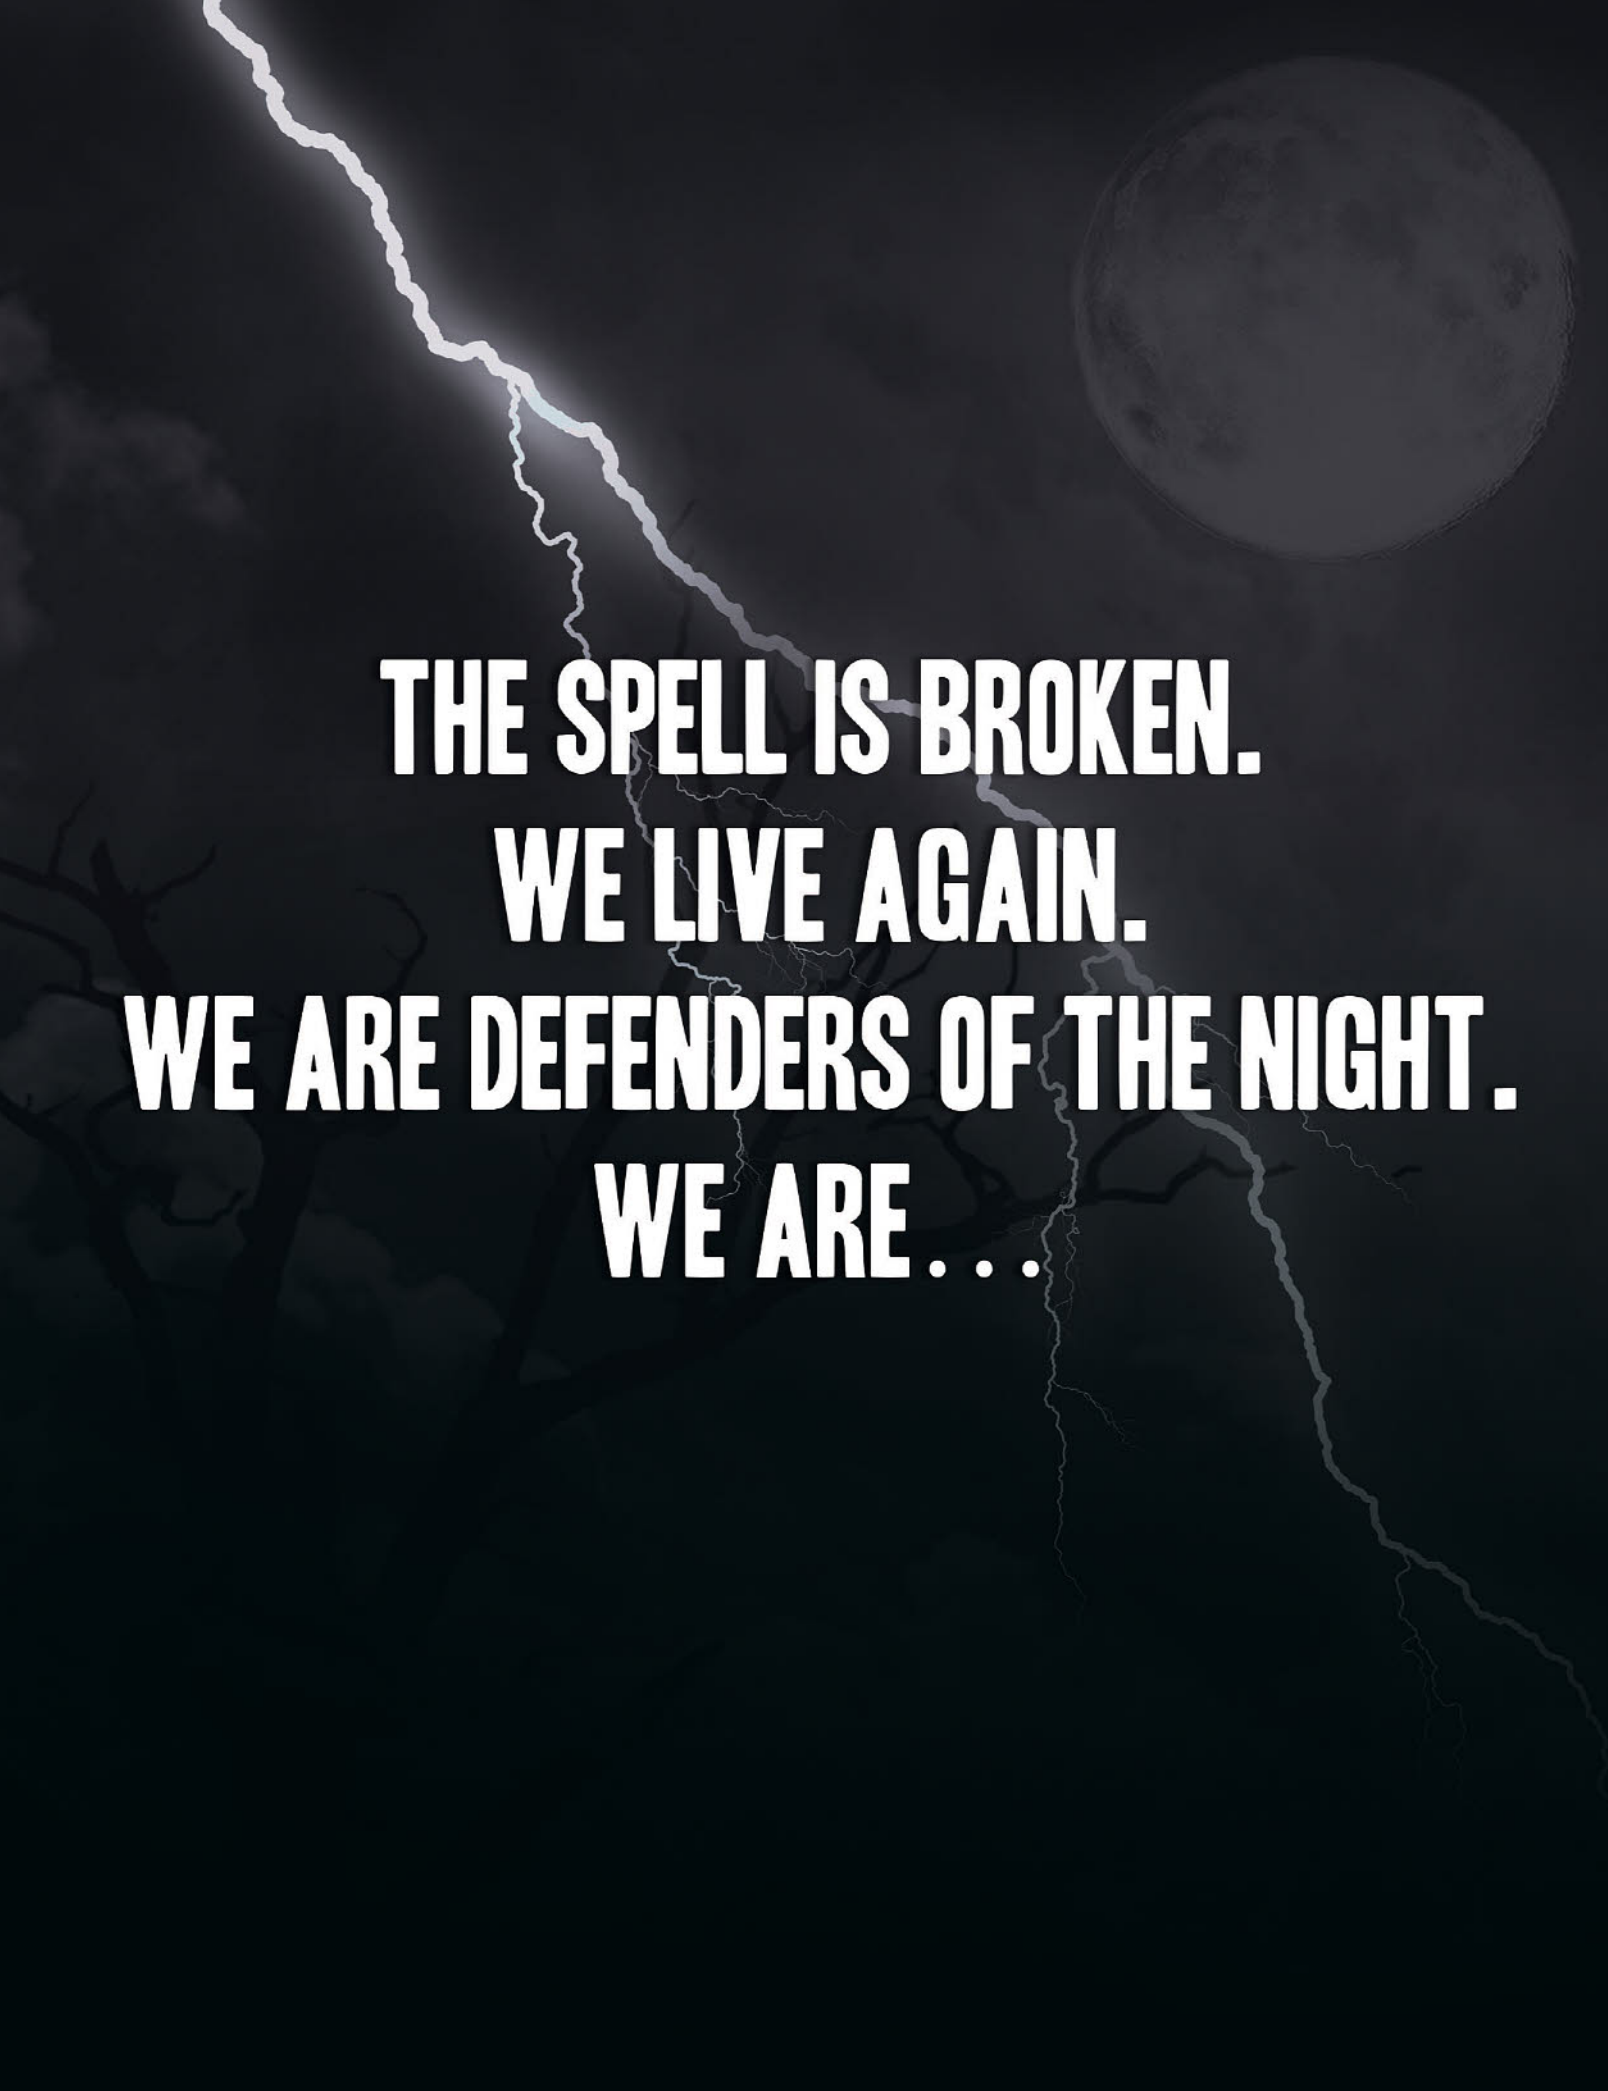

You have worked with some wonderful artists on *Blade Runner* - Andres Guinaldo, Fernando Dagnino, and Marco Lesko. What is the collaboration process like on this series?

I was more precise in my descriptions early in the 2019 series, because we were all getting a feel for how we would work together and how our individual visions of *Blade Runner* could work in harmony. We quickly found a common ground, and since then I've been blessed with the security of knowing that whatever I write will only be made better once Andres draws it. He speaks *Blade Runner* with every line he draws, and it's the most important aspect of the whole endeavor.

HORROR, THRILLER

A biracial boy in the Midwest uses a supernatural gift from his grandfather to push back against two older boys who are terrorizing him. In a tale inspired by the song "Colossus" by heavy metal band **THE CLAY PEOPLE**, intolerance, drug addiction, poverty, and boredom collide into a perfect storm of grisly revenge!

THE CLAY PEOPLE is a rock band hailing from Albany, New York. The band's self-titled debut album was released on Mercury/Slipdisc records; their furiously propulsive lead single "Awake" climbed the radio charts and launched the band into an international touring act with the likes of Disturbed, Staind, Clutch, Rob Zombie, Static-X, Stabbing Westward, and Filter. "Colossus" is from **THE CLAY PEOPLE**'s latest album, *Demon Hero*.

This exclusive signed edition features a foil logo and is limited to 500 copies!

COLLECTS FRIDAY #4-6

AFTER LANCELOT JONES'S DEATH,
FRIDAY FITZHUGH CRAWLED INTO HER BED
AND DIDN'T COME OUT FOR A WEEK.

NOT UNTIL THE DAY
AFTER CHRISTMAS.

WHICH IS *NOT* HOW SHE

BUT THE TRUTH WAS, EVEN
WITH ALL THE DANGER, THEY'D
GOTTEN INTO TOGETHER...

FRIDAY NEVER ONCE THOUGHT
THERE'D BE A NIGHT LIKE THAT...

WHERE SHE'D FIND
HIS DEAD BODY...

ALL CHARRED

Now, here in Manhattan, the spell is broken, and they live again! They are Defenders of the Night! THEY ARE GARGOYLES!

Series creator GREG WEISMAN and illustrator GEORGE KAMBADAIS reintroduce the Manhattan Clan, a family of Gargoyles at full strength, though modern New York City is full of attractions and distractions, and each member of the clan has begun to go their own way. CREATOR GREG WEISMAN & ARTIST GEORGE KAMBADAIS TALK THE RETURN OF THE BELOVED NOCTURNAL PROTECTORS

For those unfortunate souls that don't know... what is GARGOYLES?

GREG: Gargoyles are living creatures who turn to stone at sunrise but awaken at sunset to defend the realm. Our story focuses on a clan of Gargoyles who once protected a castle in Tenth Century Scotland until a spell was cast that put them in a stone sleep for a thousand years. They wake up in modern day New York City and rededicate their lives to protecting "this Island Manhattan" from all enemies, internal and external. They are Defenders of the Night. They are Gargoyles. And this is their story.

It's been over 25 years since the original television show premiered. How has your approach

to telling stories in this world changed, and stayed the same? What drives you to keep returning to this world?

GREG: Fundamentally, the goal hasn't truly changed. We want to continue to explore the world of Gargoyles, while advancing their story. To let the characters themselves dictate where they want to go and what they want to do next. Gargoyles has always felt like a living property. Like a reality that's out there somewhere in the multiverse, and our job is simply to pull their history out of the air and present it to our fans.

Is this new series for the new reader, or the hardcore Gargoyles fan?

GREG: Both! We want the hardcore fans to come back for more of the ride, for more tales with our wonderful cast of characters. But this comic book series is also an entry point for new fans to join us in the Gargoyles' Universe. We'll be re-introducing all concepts and characters for this new audience. Of course, we hope that leads them to check out the television series, too. But they won't need to have watched it in order to enjoy reading this book.

We have it on good authority that your editor on this project is a die-hard fan of BRONX, the adorable “dog” of the Manhattan Clan. Will Bronx be featured heavily in every issue, if your editor asks VERY nicely?

GREG: He’s already asked very nicely. The thing is, I’m a huge fan of everyone’s favorite Gargoyle Beast, as well. I want more Bronx, always. But we’ll be balancing our mutual desire for Bronxness with the need to service everyone in our very large cast. Bronx’ll be a part of things, for sure. But a writer can’t make his editor TOO happy. That way lies madness...

What made you a fan of Gargoyles, as a kid?

GEORGE: Oh My GOD! Gargoyles! They were about the coolest thing on TV, EVER!

I still remember waking up all excited, flustered even, every Saturday and Sunday morning to catch the next episodes. I just loved them. Goliath was the coolest dude and the rest of the clan were SO... MUCH... FUN. And OK, let’s be honest here, both Lisa and Demona... One was beautiful, strong, smart, and good. And the other one so volatile and such a bad girl... so dangerous to be around... My ten-year-old mind could not decide which one was the best, so I adored them both. The art was amazing. I loved the Disney style merged with the adult (in my 10-year-old mind, I repeat) themes. The dark and dangerous city I imagined myself living in one day, and the endless possibilities the world could have hidden, if only amazing creatures such as these majestic statues were to come real.

What’s your visual approach to Greg’s scripts? Are you trying to emulate the show, bring in a new flavor, something in between?

GEORGE: The original art was one of the most inspiring things to me as I grew up, wanting to be an artist. So, I wouldn’t want to stray too far from the original. In my mind it would be a kind of blasphemy towards something truly

beautiful and special. Still, I have grown and matured and so have the Gargoyles over the years, since the day I first became acquainted with them. So, I would like to cautiously add some of my personal style, to add onto something that has played such a significant role in my development as an artist. I am already humbled that I have been called upon to play a small role in the Gargoyles Saga and I will do it as best as I can, using both elements of the original artwork and whatever new parts I feel will serve it best.

Who’s your favorite Gargoyle to draw so far? (You can tell me, I won’t tell the other Gargoyles)

GEORGE: My, oh my, that’s a tough one. I really can’t decide, (though the Gargoyles reading what I answered and getting hurt or hurting me might be why I feel this question is so difficult to answer).

I sure love all the original gang, especially Goliath, but I’ll have to admit that the way Brooklyn looks in the comics has a special place in my heart since it is so different and interesting from what I knew from the animated series. I love his character arc so much, and it gives me great pleasure whenever I get to draw a scene with him in it.

WRITER JORDAN CLARK RETURNS TO THE SONAJVERSE FOR A SONJA VS. SONJA SHOWDOWN!

Welcome back to the Sonjaverse, Jordan! First there was Sonjaversal, then Hell Sonja, and you introduced fans to Samurai Sonja. Now you're joining up two of the heavy hitters. How did this story come together?

It's great to be back! I've loved getting the chance to introduce Samurai Sonja,

and this was an opportunity to try and stretch things even further.

When the idea of a Red Sonja/Hell Sonja story was brought to me, my mind immediately went towards cosmic horror. For these two to team up again it would take quite the threat, and what bigger threat than your own sanity?

Hell hasn't quite frozen over, but it's falling apart at least. It's described as sending out overactive "white blood cell" type forces to purge itself. Including targeting its own Hell Sonja. Is this what drives her into an alliance with everyone's beloved Red Sonja?

Last we saw Hell Sonja she was lording over "Hell" which was really just a feeding ground of some larger horror. And while a being of that scale would never notice something living in its stomach, its antibodies might. What would Cthullu's white blood cells even look like? More tentacles? Anyways, Hell is being purged, and Hell Sonja can either face annihilation, or flee to find help. And what better ally than Red Sonja.

Red Sonja is in for a big twist for this story too! Can you tell us about that? Does the classic She-Devil With a Sword have surprises around the corner for herself too?

At the end of the Hell Sonja series, Red Sonja and her lost love Warrick are reunited and given a second chance. But not all endings are happy endings. Now back in Hyrkania, Warrick is pushing for them to settle down and make up for lost time. But the last time Sonja was truly settled down, her village was raided, and her family was killed. Living in one place doesn't bring back good memories.

With her relationship on the rocks, fighting sanity eating monsters actually seems like an escape for her.

Will fans get to see any other Sonja variants in this series - maybe in particular any cameo from your own Samurai Sonja?

Never say never! As the looming horror of the book comes to the front, both Sonja's might be confronted by the other variants. For better or for worse.

How has it been working with artist Miriana Puglia in bringing this story to the page?

Incredible! Continuing our partnership from Samurai Sonja has been so much fun and getting to take it into a different direction has been a unique challenge for us both.

Cosmic type horror is a subtle trick, but Miriana has proven she can handle the subtle as well as the big moments. Can't wait for fans to see her work!

Slamming her way out of the pages of the recent Jennifer Blood series, Italian assassin Giulietta Romeo stars in "La Tempesta," a noirish reimagining of the William Shakespeare play *The Tempest*. Giulietta is being extradited to Italy after the events of the "Bountiful" storyline when her plane is shot down over a remote island in the Atlantic, a former Nazi stronghold that is now the tiny kingdom of a man named Prospero, a former duke of the Naples mobs. His brother, the man who usurped his position, was being extradited on that same plane, and Giulietta finds herself in the middle of a gory blood feud and fighting for her life against Prospero's monstrous servants, Caliban and Ariel.

Sweetie Candy Vigilante #3 gives us our first glimpse into the surreal world that thrives beyond the walls of Sweetie's elusive Candy Vigilante factory headquarters (discreetly located in the industrial outskirts of Brooklyn, NY). Now that Pixie has been "chosen" to join the sweet, secret society, she's introduced to mix masters (and highly skilled axe-throwing assassins) Hansel and Gretel! Yes, the epic witch killing duo are *real*, all grown up, and no longer eat stranger's houses. So please, no jokes about gingerbread. They're still trying to break the stigmatism...

Meanwhile, Candy Wolf spills the jelly beans on Sweetie's backstory and family lineage! Turns out, her father is the "Candy Man" himself: Zucker Cane, (of the New York landmark Cane's Sweet Shop). He trained Sweetie and factory home-schooled her with his magical secrets of confectionary wizardry.

Pushed to the limits by the mysterious disappearance of her parents, the gentrification of New York destroying "Mom and Pop" shops, and a fitness obsessed mayor declaring war on sugar — actually outlawing candy, cake and ice cream in the process — she's declared a war of her own on anyone who treads on her birthright to sweetness, and those who enjoy a little sugar in their lives. Possessing skills far beyond her father, she's been testing secret formulas on herself, and now...it's all GOOD! Sweetie said so, and she's the new Candy Boss in town! So make your life a whole lot sweeter with Sweetie Candy Vigilante #3: Candy Boss. After all, tis the season!

Watch for Sweetie Candy Vigilante's return with issue #4 in February!

How deep must you bury a body to make sure it doesn't haunt you?

Frank and Terry are about to find out. They were once members of The Dogs, a feared gang who ruled much of London's underworld back in the swinging 60s. They thought they'd escaped their troubled pasts, but the past isn't dead—it's just bashed about a bit and very pissed off. Spanning different times and classes, **DOGS OF LONDON** is a brutal, bloody tale of violence, love, revenge...and sleeping dogs who refuse to roll over and play dead.

COMIC | 32 PAGES | COLOR | ALL AGES | FANTASY | \$3.99

The O'Connell family (Lily—age 13; Tyler—age 11; and their parents) are vacationing in Ireland when they encounter an old man with a mysterious crystal that seemingly teleports them 1,000 years back in time. Unsure whether they have stumbled into a historical re-enactment, the family must befriend Rory, a timid local, battle a medieval tyrant named Ciaran and his henchmen, and figure out how to get back to the present, while Lily learns to use her newfound superpowers.

From the writer/creator of *Seven Sons*, Robert Windom, and his eleven-year-old daughter, Lily, comes a fun, fantasy adventure. Featuring covers by Jae Lee, as well as Art Direction and cover art by Sanford Greene (*Bitter Root*)—both Eisner-Award winning artists—and anime-inspired interior art by new talent and Greene-protégé Asiah Fulmore (*DC's Amethyst: Princess of Gemworld*).

FAMILY TIME

INTERVIEW WITH LILY AND ROBERT WINDOM

What's the process been like working as a father/daughter team? Have you found the dynamic makes it easy to work together?

Lily: It makes it easy because we know each other so well and spend a lot of time together of course. We get along well so it helps us work better together.

Robert: I am having a great time working on this with Lily! There is a lot of discussion, and it's fun to make each other laugh.

Did the story or the idea of working together come first?

Lily: During the early days of covid, when there wasn't much traffic on the road, my dad and I would take car rides each week to pick up food from a restaurant we like. Tyler and I came up with a funny villain name (Dr. McScrufflefingers!), and we decided to build a story around that.

Robert: After we fleshed out the story during those car rides, we realized we had a fun script idea for a comic book.

Are you discovering new things about each other as part of your creative process?

Robert: I discovered Lily knows a lot of slang!

Lily: I learned my dad is good at research. We spent a lot of time learning about the history of Ireland.

Family Time focuses on a vacation gone awry. Was the idea inspired by any real-life circumstances?

Robert: Vocab word!

Lily: The idea wasn't really connected to anything that has happened to us. I would really like to go to Ireland one day though!

Why did you decide on Ireland as the destination for the family?

Robert: It seemed like the perfect place to set a magical, historical story.

Lily: Plus, that's where our ancestors actually came from.

The parents in the story have a hard time disconnecting from work. Is that something that has affected you in real life?

Robert: Ha! Maybe a little.

Lily: Everyone loves screentime.

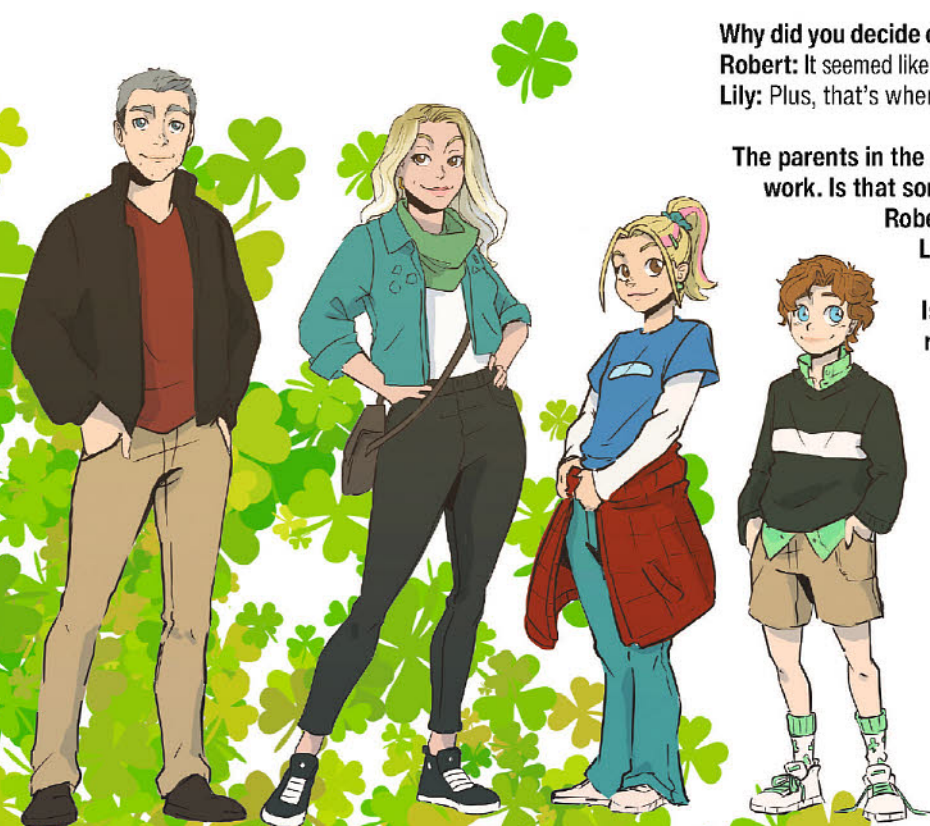

Is time travel where the surprises end or will readers have more in store for them?

Lily: There are definitely a number of twists and turns in the story! Without giving too much away, this is also a superhero origin story!

Lily, what's your dad's best and/or worst Dad Joke?

Lily: All Dad jokes are pretty cheesy, and my dad seems to tell a lot of them. One of the most recent ones he asked me was "Why does Norway have barcodes on their warships?"

Robert: "So they can Scandinavian!"

INTERVIEW WITH ASIAH FULMORE

Can you tell us a little bit about yourself?

Asiah: I am an Illustrator born and raised in South Carolina. My life revolves around art, my two dogs, and BTS.

How did you become involved with this project?

Asiah: My mentor (Sanford Greene, *Bitter Roots*) recommended me for this project, and I passed the vibe check. Lol no but really, once I got my hands on the script I knew that this was going to be a super fun project, and I really wanted to be a part of it. I was not disappointed. I've really enjoyed working on this.

What's it like being mentored by Sanford Greene?

Asiah: It's fun and a little chaotic. He's a super busy guy, so I never really know what kind of project he's going to put me on. But no matter if it's character design, comics, or working with college kids, I'm always learning/working on something new.

Do you have a favorite piece of Irish architecture that you used as reference?

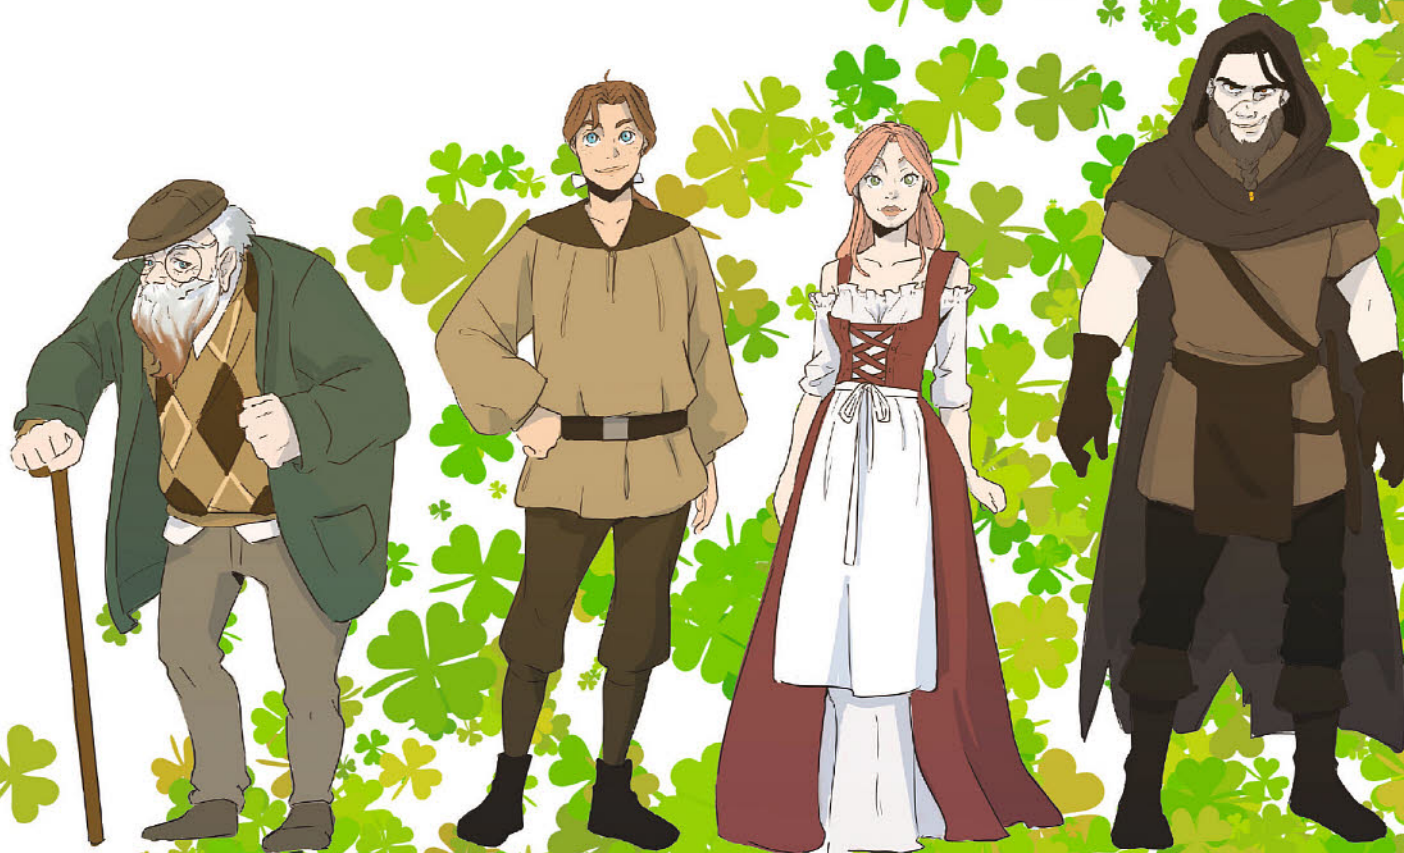

Asiah: I really liked the tiny castle we used for Rory's place. I thought it felt very quaint and welcoming — if not a little unkempt. I think the castle fits Rory really well. I also enjoyed drawing the main room of that castle. The warm atmosphere I was going for really turned out well. It's my favorite location in the book.

Can you tell us about some artistic influences of yours (culture, media, etc.)?

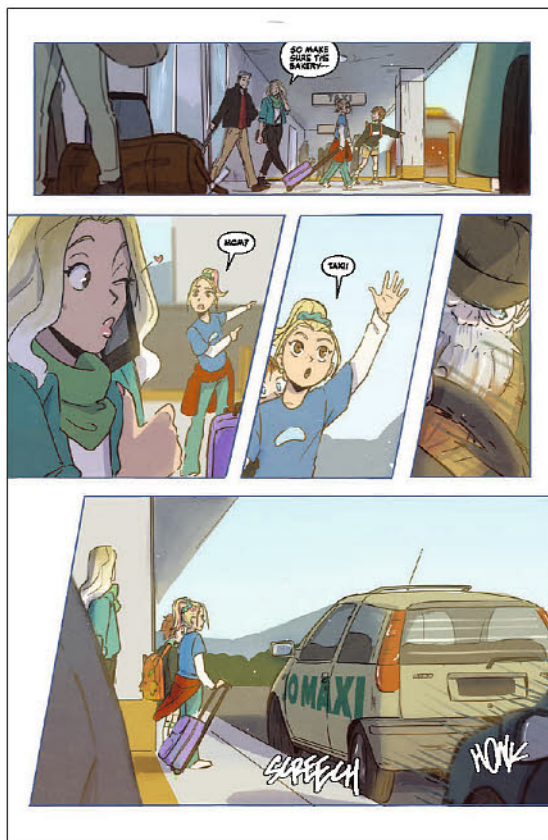

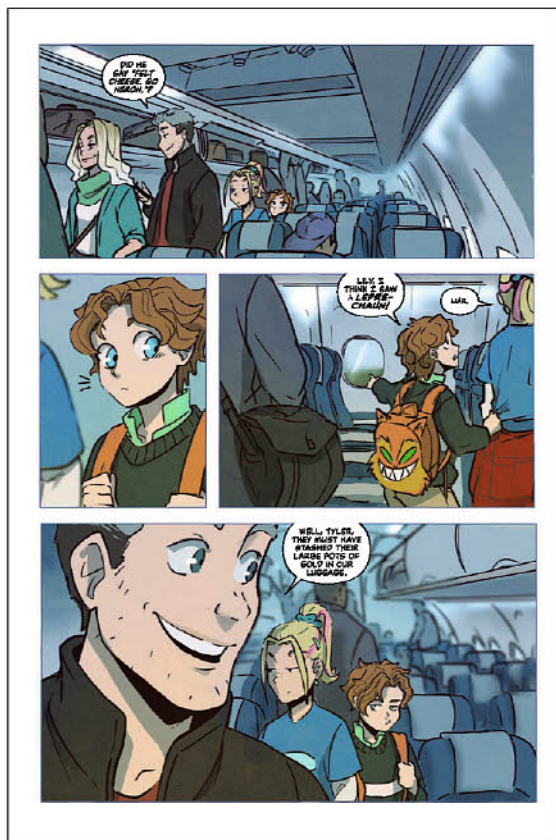

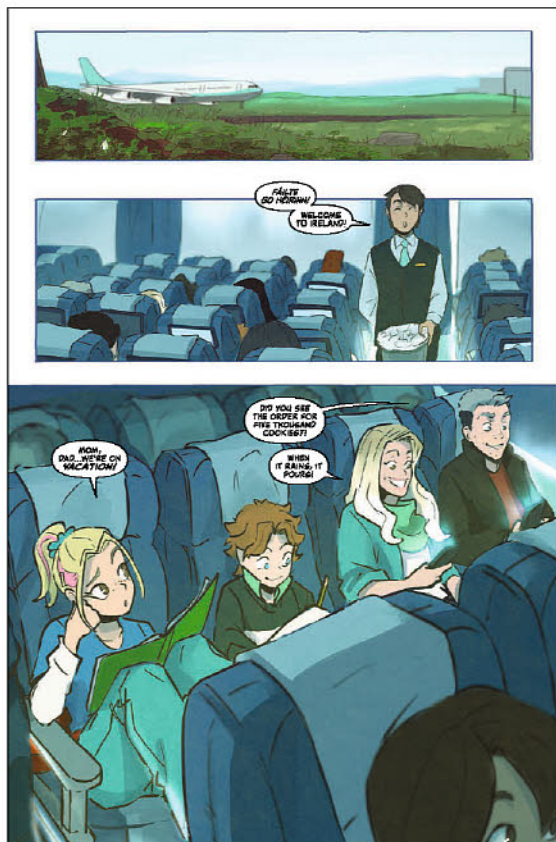

Asiah: I draw most of my influences from a mixture of my favorite animes (like Hunter x Hunter, Hyouka, and FMA) and my favorite 2000's cartoons (Teen Titans (2007), KND, and Danny Phantom). My style is just a mash of little stylistic cuts from shows, comics, and other artists that just happen to stick with me.

We're not saying that there will be leprechauns in the book, but if there were, what inspiration would you draw from?

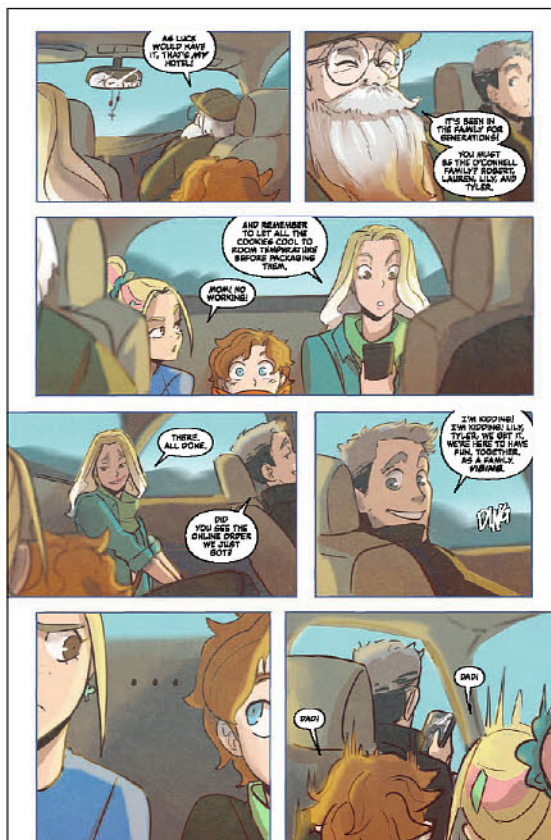

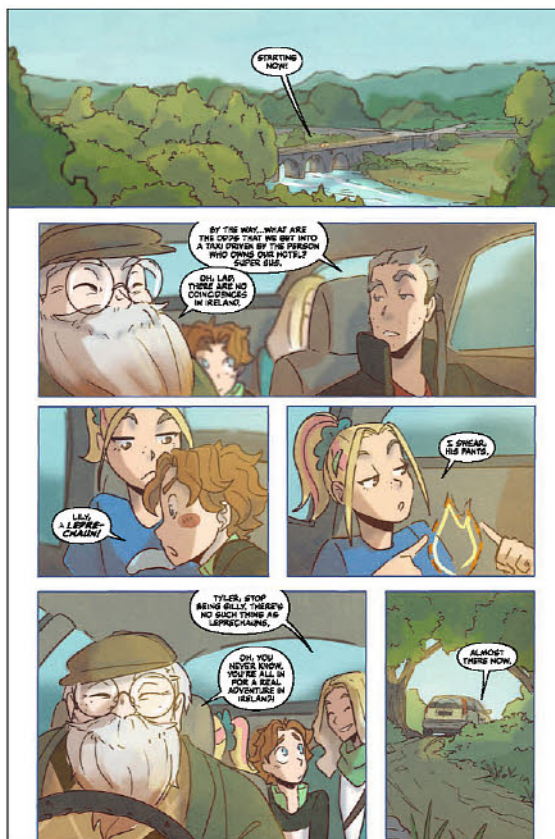

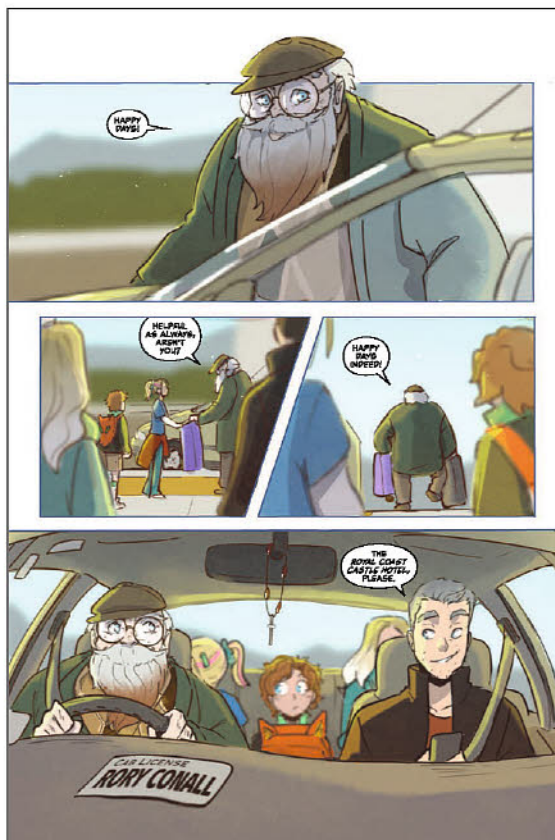

Asiah: I'm not sure! Somewhere in-between Lucky Charms and Leprechaun (1993), most likely.

"This work from one of Italy's rising comics stars surprises and charms at every hairpin turn."—
PUBLISHERS WEEKLY (STARRED REVIEW)

"Tear Along the Dotted Line" fits more into its first 15 minutes than pretty much any other animated TV series could."—INDIEWIRE.COM

ZEROCALCARE NOW ON NETFLIX WORLDWIDE!

Tentacles at My Throat is a coming-of-age story set in three different moments of Zerocalcare's life: primary school, junior high, and his adult life. It is a complete story told in three parts; three moments that have in common that all-too-familiar feeling of having tentacles at one's throat.

Three friends, their schoolgrounds, and a secret. And fifteen years later, the discovery that they all thought there was only one secret, but each had their own. And there was one more, bigger than the others, that none were aware of.

This is Zerocalcare's second graphic novel, the one that made him stand out as an intelligent, delicate, merciless narrator when it comes to describing his own weaknesses, which could in fact be everyone's. An honest, touching, intense story with a bit of *Stand By Me* thrown in for good measure, it's the book that made Zerocalcare a national success story in 2012 in Italy. The book has been reprinted nineteen times since its initial release, surpassing the 120,000 copies sold mark.

Zerocalcare's original animated series "Tear Along the Dotted Line" debuted on Netflix WORLDWIDE November 17, 2021. Season Two currently in production!

CEREBUS IN HELL? PRESENTS: THREE-WHEELER ANNUAL ONE SHOT

(W) David Birdsong, Dave Sim
(A) Gustave Dore & Various
(CA) David Birdsong & Various
Dave Sim wrote the original title for this one: so long even he can't remember it. It was a parody of *Marvel Triple Action*, so it had *Three-Wheeler* in there somewhere. If the postage stamp reproduction of the cover isn't too small, you can maybe read it. But for the purposes of Diamond Inventory, *Three-Wheeler Annual* No. 1 is what it's called. Don't miss the first (and, God-willing, last) appearance of the "De For True Black Widow." Cerebus' head with shoe polish all over it (Hey! It worked for Justin Trudeau!) green-screened onto a Carson Grubaugh drawing of Scarlett Johansson as the Black Widow. Equity now! (STL248250) (C: 0-1-2)

SILENT NIGHT
DEADLY NIGHTHe knows
when you've
been naughty.™AN INTERVIEW WITH ORIGINAL PRODUCERS
OF THE CULT HORROR FILM!

Back when the Silent Night, Deadly Night movie first came out, it caused a bit of an uproar. How did you deal with that?

We never expected that over-the-top reaction. We knew we had an irreverent concept, but thought that it would work in our favor given the intended audience (remember, this was an R-rated picture, meaning under 17 required a parent or guardian). As the days went by, the backlash took on a life of its own, gaining momentum, leading to Tri-Star's pulling the film from theaters 10 days or so into its release. They say "there's no such thing as bad publicity," but in this case all of the media attention torpedoed the movie, and there was nothing we could do. We just watched the circus unfold from the sidelines, which was a bummer, because the film, which was in a limited number of theaters (398), was scheduled to go wide a week later (over 1,200 screens). Our little \$1 million movie was on its way to grossing \$20 million at the box office in just the U.S. and Canada alone, and that's before its international release, before VHS and before cable! Unfortunately for us, Tri-Star Pictures, a newly formed studio at the time, owned by Columbia, CBS and Home Box Office, cared more about the optics of the situation than the \$20 million, so they caved. At that point, Dennis and I went on to develop a new horror project called "Phantom Of The Mall," but that's a whole other story for another day.

In today's market, where do you think the SNDN universe fits in? Do you feel it opened doors for similar movies within the genre?

A good story is a good story is a good story. It's timeless...knows no boundaries...which is why SNDN still lives on today, almost 40 years after its initial release. It just wasn't another cookie-cutter slasher. There was something more going on. The notoriety achieved by SNDN definitely seems to have boosted the production of Christmas horror as there have been so many made - and remade - since its release. But remember, SNDN wasn't the first to hit the big screen. There was "Christmas Evil," and "To All a Goodnight" in 1980, "Black Christmas" in 1974, "Silent Night, Bloody Night" in 1972, and a segment from a British film, "Tales From The Crypt," also '72, called "And All Through The House," that featured Joan Collins and a psycho Santa character. So, I guess SNDN is in good company, whichever direction you look.

Why a new comic book based on the original movie? How do you think fans will react to the book? Can you tell us anything about the story? How does it relate to the original movie?

Blood on the snow, the colors of the holiday season, the sights and sounds of Christmas...SNDN is the perfect horror property to turn into a comic book or graphic novel. We've been wanting to do this for quite some time and are thrilled that American Mythology is driving the sleigh. We know the fans will love it as evidenced by the response we've gotten for the upcoming SNDN board game. But again, we have to create something new and wonderful, and based on our initial story discussions with American Mythology, we're really psyched. There's a lot to be mined from the '84 film...deeper exploration of some of the supporting characters, new supporting characters, a greater sense of the town itself, in which the story was set, and a possible leap forward into the future, to see what happened to the traumatized children and relatives of Billy's psychotic rampage.

About: Collecting *The Courtyard* and *Neonomicon*, this epic tome has all of the stories that lead into *Providence*! Comic book legend Alan Moore and brilliant artist Jacen Burrows deliver a chilling tale of Lovecraftian horror! Brears and Lamper, two young and cocky FBI agents, investigate a fresh series of ritual murders somehow tied to the final undercover assignment of Aldo Sax—the once golden boy of the Bureau, now a convicted killer and inmate of a maximum security prison. From their interrogation of Sax to a related drug raid on a seedy rock club, they suspect that they are on the trail of something awful... but nothing can prepare them for the creeping insanity and unspeakable terrors they will face in the small harbor town of Innsmouth. (O/A).

ALAN MOORE'S WRITING FOR COMICS

Writer: Alan Moore • B&W, 48pp - GN \$5.95
Artist: Jacen Burrows Cover: Juan Jose Ryp

About: The master of comic book writing shares his thoughts on how to craft a perfect tale and deliver a top notch script! The main essay was originally written in 1985 and appeared in an obscure British fanzine, right as Moore was reshaping the landscape of modern comics, and had been tragically lost ever since. Now Avatar brings it back in print, collected for the first time as one graphic novel, and heavily illustrated by Jacen Burrows. Alan Moore also provides a brand new essay on how his thoughts on writing have changed in the two decades since he first wrote it. For fans of Moore's work, new writers, or anyone who wants a peak behind the mental curtain of one of the greatest living writers, this is a can't miss book! (O/A)

It is 1879 and the world is about to meet Ranger ONE, the first self-aware automaton programmed to eradicate crime in the town of Steam's Eddy. But what happened in the next few years that made the federal government ban the existence of self-aware automatons? And whatever happened to the hero Ranger ONE? There are whispers of a grifter automaton named Screw Driver who's saving humans and automatons alike. He's a machine wanted by the law... functional or dismantled. (STL248060)

AIR WARRIORS: WORLD WAR ONE INTERNATIONAL ACES VOLUME 4 SC

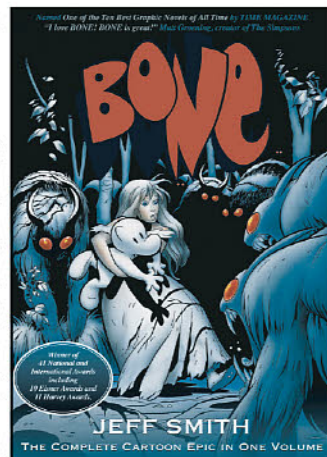

(W/A) Chris Geary (CA) Kurt Miller
Take to the skies over Europe during World War I as ace fighter plane pilots engage in battle with primitive machines that were held together with canvas, wire, wood, and metal. These adventurers, who were drawn to the conflict, came from as far afield as India, Canada, New Zealand and South Africa, and would fight to defend their homeland, fight for nationalistic pride, and fight for personal glory. Based on historical facts and well researched, each individual pilot's story is thrillingly told in this volume series that serves both as an astonishing read and a fitting tribute to courage, audacity and sacrifice; capturing the kinetic mayhem of the dogfight while briskly illuminating life on the ground on and off the base. "Ricardo Delgado's reimagining of Dracula is strange and bold and brilliantly original. I love it and WOULD be stunned by it if it wasn't coming from Ricardo. But brilliant is pretty much what I've come to expect from him. Still... He may have surpassed his usual brilliance here."

-- Mike Mignola, creator of **HELLBOY**

The demonic, shapeshifting vampire imposes his wrath, malice, and vengeance upon an England about to enter the Modern Era, crushing everything in his path.

Murder among English tombstones! Daring chases through the infamous underground Paris Ossuaries! A spectacular gladiatorial battle within Rome's Colosseum during the Witching Hour! All this topped by a fever-pitch chase through Europe to the most terrifying place on earth: Castle Dracula. *Dracula of Transylvania* is footnoted throughout with historical facts from the Ancient to the Modern World. A powerful, unrelenting, and fascinating new vision of one of literature's most feared characters.

History bleeds evil.

It flashes back, first to satirize the dot-com boom of the late 1990s and then to examine the camaraderie of playing first-person shooter video games with work colleagues, to ponder what the passage of time feels like to geologists or productivity gurus. *The River at Night* is a modern formalist masterpiece as empathetic, inventive, and funny as anything ever written. THE FRIGHTFEST GUIDE TO VAMPIRE MOVIES SC

(W) Nathaniel Thompson
For centuries, mankind has been chilled by tales of vampires. A fixture of literature, art, and folk tales, the vampire was a natural early choice for a movie monster at the dawn of cinema and has remained popular ever since as the screen's most enduring and sexually charged nightmare figure. Within these bloodstained pages, you'll discover that vampires of the silver screen are far more complex and diverse than variations on Dracula and other staples like Carmilla and the Countess Elizabeth Bathory. All the icons are here, from Bela Lugosi and Max Schreck's pioneering fiends to the heyday of Hammer Films, but that's just a sanguinary taste of what's to come as you explore macabre offerings from Hong Kong, India, Italy, France, Germany, and more. To mark its 10th anniversary, Kier-La Janisse and FAB Press have reteamed to produce an expanded edition of the book, featuring new writing on 100 more films, many of which were inspired in part by the book itself, and hundreds of new images. (W) Carl Burgos

Originally released 55 years ago in 1966, it was to be entitled "Eerie" but Warren jumped the gun by publishing *Eerie* #1 very quickly as an ascan comic to secure the copyright. So the title of this comic magazine was changed at the last minute to *Weird* and they used Eerie Publications for their company name. The first issue is a hard to obtain, high priced collectors item usually found in terrible condition due to the exceedingly cheap paper it was printed on. This facsimile faithfully reproduces the entire first issue on much better paper stock that will last! (STL193164) (C: 0-1-0)

Her answer in the form of this collection of comics essays tracks how philosophers and artists, from the Ancient Greeks to Beyoncé, conceptualized romantic love. For the first time in English, *The Reddest Rose* wonders: in a rationalist, consumerist world, can romantic love survive?

A Creator You Should Know: C.C. BECK

Cartoonist and comic book artist Charles Clarence "C.C." Beck is celebrated for his work on Captain Marvel at Fawcett and DC. His style captured the youthful essence of comics with slightly exaggerated cartoony flair. He joined Fawcett Publications in 1933 as a staff artist, creating pulp magazines. Then he was tapped to draw Captain Marvel, Spy Smasher, and Ibis the Invincible in *Whiz Comics* and other titles. Beck defined the look of Captain Marvel, so his role expanded to overseeing the art of the character in various comics and he opened his own New York City comics studio in 1941. The studio provided art for the Marvel Family titles with Beck acting as chief artist, but when Fawcett folded their comics line, he left the industry. Beck returned to comics in the mid-1960s with a three-issue run of his creation, *Fatman the Human Flying Saucer*. In 1973, he was the initial artist on *Shazam!*, the Captain Marvel revival, but left after creative differences. In his later years he painted cover recreations of Golden Age comics and served as the editor for *Fawcett Collectors of America* in the early '80s.

A tour-de-force by *New York Times*-best-selling graphic novelist Gene Luen Yang, *American Born Chinese* tells the story of three apparently unrelated characters: Jin Wang, who moves to a new neighborhood with his family only to discover that he's the only Chinese-American student at his school; the powerful Monkey King, subject of one of the oldest and greatest tales from Chinese folklore; and Chin-Kee, a personification of the ultimate negative Chinese stereotype, who is ruining his cousin Danny's life with his yearly visits. Esther, a body builder, and Mona, a butterfly, embark on a strange voyage for an elusive elixir to restore their lost powers. During their travels, they encounter a wide variety of characters, including a woman who is endlessly working to interpret the shape of the sun, a romantic creature named Poef who can't figure out how to make someone love them, a shapeshifting squire and a mysterious creature who steals their prized cache of essential oils. Frustratingly though, each character they meet introduces a new task for them to finish, further distancing them from their initial quest of seeking more elixir. While the world they venture into is often surreal, it's always refreshingly relatable to anyone who struggles with the tragedies and comedies of their own screwball heart. (STL247456) (C: 0-1-1)

Now, to bring this landmark novel to new life for today's readers, White is joined by co-writers Brian Alessandro and Michael Carroll and artist Igor Karash for a stunning graphic novel interpretation. THE LOWBROW ART OF ROBERT WILLIAMS (NEW EDITION)

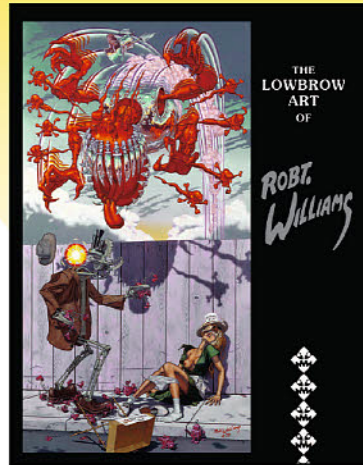

(W/A) Robert Williams

This book is the first to featuring the amazing artwork of Robert Williams, containing an overview of Williams's early work until 1979. In the late 20th and 21st century diverse forms of commonplace and popular art appeared to be coalescing into a formidable faction of new painted realism. The phenomenon owed its genesis to a number of factors. The new school of imagery was a product of art that didn't fit comfortably into the accepted definition of fine art. This alternative art movement found its most coagulating participant in one of America's most opprobrious and maligned underground artists, the painter, Robert Williams. This edition is enhanced with newer, more vibrant and accurate color images. T-shirt designs, comics, posters, and all paintings are accompanied by a text commenting on them and introducing Mr. Williams to the public. (STL247489) (C: 0-1-0)

INK, BLOOD, AND LINSEED OIL: WRITINGS OF ROBERT WILLIAMS

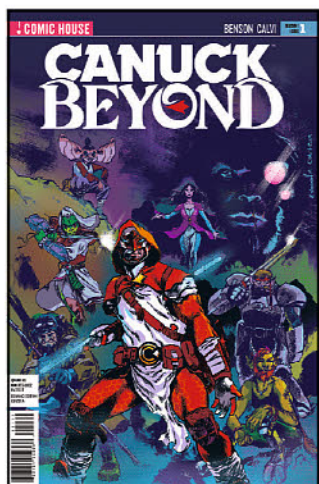

(W/A) Robert Williams

In the early 1990s, Robert Williams persuaded the publisher of skateboard magazine *Thrasher* to start an art magazine. *Juxtapoz* magazine launched in 1994 and shook the art world establishment by presenting the popular underground. These art forms were celebrated, and the magazine found a wide and hungry audience. These essays, 22 years' worth and a few more, are collected in "Ink, Blood, and Linseed Oil." They are presented for your enjoyment, bewilderment, and for furtherance of the discussion of

ARSENE LUPIN, GENTLEMAN THIEF

Written By

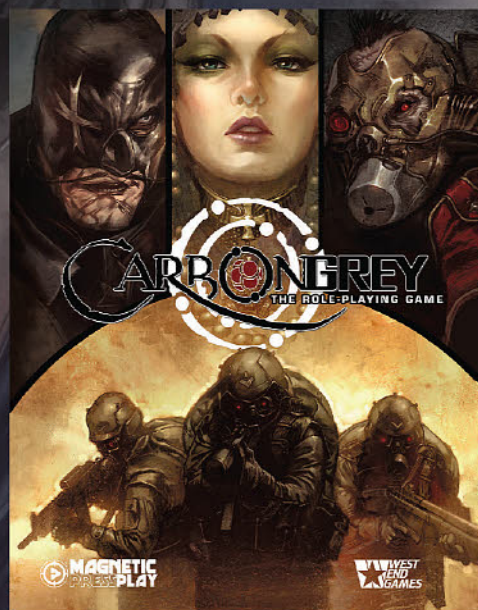

MAURICE LEBLANC

Illustrated By

VINCENT MALLIE

In 1907, Author Maurice Leblanc released the first collection of stories recounting the adventures of Arsene Lupin, a charming thief and master of disguises. The character became quite popular, featured in 17 novels and 39 novellas, inspiring generations of charming anti-heroes to follow. This brand new edition of the first Arsene Lupin novel is beautifully illustrated by artist Vincent Mallie, capturing the joyful style of an animated feature as if created by renowned director Hayao Miyazaki (whose first directorial release was LUPIN THE 3rd: The Castle of Cagliostro, which is filled with nods to Leblanc's classic character.)

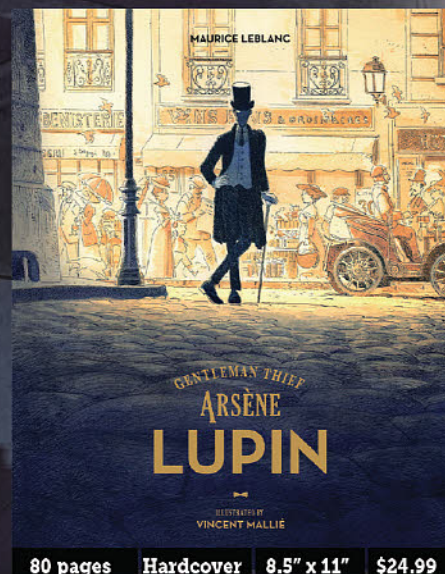

Collecting the first 9 novellas, this illustrated edition features dozens of black-and-white and full-color illustrations and plates including numerous two-page spreads that evoke the beauty and charm of a Studio Ghibli production.

(W/A) Jay Hosler

Based on a true story, Santiago Ramón y Cajal is every child who has struggled to navigate the expectations of adults. As a young boy, all Santiago wanted to do was be an artist. But his father wanted him to become a doctor, insisting that pursuing art was not a true profession. Although Santiago was forbidden by his parents to make art, Santiago secretly kept at it—making homemade paints and brushes and honing his craftsmanship. After years of locking horns with his father, Santiago was

sent to medical school. As a medical student he discovered the wonders of how animal bodies work, and his studies eventually led him to the microscopic mysteries of the brain. Using the artistic skills he honed as a child, Santiago painted brain cells to unlock their secrets. His pursuit of art had trained him to be observant, persistent, resourceful, and creative in his research. In 1906, he won the Nobel Prize for medicine and is considered the father of modern neuroscience. (STL247180) (C: 0-1-1)

GOLDEN AGE CLASSICS: RANGERS OF FREEDOM SOFTIE VOLUME 1 SC

(A) Joseph Doolin & Various

The Rangers of Freedom were "Biff" Barkley, "Tex" Russell, and Peter Cabot, three young men who were recruited by the FBI because their physical and mental fortitude made them "the best specimens of American youth." They donned patriotically themed bulletproof costumes, but they had no secret identities. Together with Ranger Girl they fought villainous Nazis and Japanese forces led by the Super-Brain and the Black Dragon Society. Though they had no powers, the Rangers were good fighters. And they needed to be—as Superbrain's hooded axeman raises his bloody blade over Ranger Girl—the Freedom Trio slammed into action in the classic "The Headsman of Hate"! ! FINAL ISSUE!

The race is on! Last one there gets stuck in devilish contract FOR ALL ETERNITY. No pressure!

So these angels got kicked out of heaven for not being angelic enough. Then they started freelancing on Earth, chopping off demon heads and generally kicking evil's ass. But they couldn't pay the rent doing good, so they started working for these demons. (Rent rates are the real evil here, right?)

Now the angels are fighting for their fates in a cross-country road race that has Medusa's motorcycle gang, a bloodmobile hijacked by vampires, and Gremlins full of gremlins! Will the angels win the race? Who will they kill along the way? And what have those wizards in the broke-down van been smoking? The answers to these questions can only be found in the finale of the "Boss from Hell" arc of Heaven's Rejects.

So do it! Say YES to Heaven's Rejects!

O/A THE LIFE AND ART OF DAVE COCKRUM

From the letters pages of Silver Age comics to his 2021 induction into the Will Eisner Hall of Fame, the career of Dave Cockrum started at the bottom and then rose to the top of the comic book industry. Beginning with his childhood obsession with comics and continuing through his years in the Navy, *The Life and Art of Dave Cockrum* follows the rising star from fandom (where he was one of the "Big Three" fanzine artists) to prodigy, where he helped revive two struggling comic book franchises: the *Legion of Super-Heroes* and the *X-Men*. A prolific costume designer and character creator, his redesigns of the Legion and his introduction of X-Men characters Storm, Nightcrawler, Colossus, and Thunderbird (plus his design of Wolverine's alter ego, Logan) laid the foundation for both titles to become best-sellers. His later work on his own property, *The Futurians*, as well as childhood favorite *Blackhawk* and *T.H.U.N.D.E.R. Agents*, plus his five years on *Soulsearchers* and *Company*, cemented his position as an industry giant. Featuring artwork from fanzines, unused character designs, and other rare material, this is the comprehensive biography of the legendary comic book artist, whose influence is still felt on the industry today! GINSENG ROOTS #11

(W/A/CA) Craig Thompson

Craig Thompson and his brother Phil reconcile, recover from illness, hire an interpreter, and reconnect for the final leg of their journey. The Jilin Province of China is the birthplace of the ginseng story. This hard-to-reach region on the border of North Korea features one of the largest forest preserves in all of China. The brothers encounter a wild ginseng root that wins a \$120,000 prize, nude environmentalists protesting ginseng cultivation, and why it's easier to attend university in China than in America. Bootleg versions of Craig's books and Wisconsin ginseng beg the question: What does it mean to be authentic in an age of globalization? (STL247116)

Design Work

Commentary

Use an artist who only gets more complicated with age. Dante's wardrobe has been compared up. I actually tried giving him a shorter coat with more tactical elements during the design phase of DMC4, and I red it again. I've tried to design him to look like a more tactical design when it comes, and it's been a process. I've seen, but it was difficult. Ultimately I went with a more tactical design. (Dante)

SPIDEY SENSE ACTIVATED THANKS TO DIAMOND SELECT TOYS

When Peter Parker was bitten by a radioactive spider, he gained the skills and abilities, as well as the proportional strength and agility, of a spider. Among those abilities: "Spidey Sense." If something is about to happen, if a villain is about to get the drop on him, like a spider, Peter Parker "senses" it and can react before it even happens. Depicted in the comics as crackling energy surrounding Spider-Man's head, "spidey sense" comes to life with a new Diamond Select Toys statue!

The *Marvel Comics: Spider-Man 1/7-Scale Mini-Bust* features a classic pose of the friendly neighborhood wallcrawler, tense and ready for action, with five "electric" bolts ringing his masked head. Designed by Nelson X. Ascenio and sculpted by Juan Pitluk, this 6" mini-bust is limited to only 3,000 pieces, so don't miss out on adding this classic Spider-Man from Diamond Select Toys to your collection!
